Amendments to the Claims

This listing of claims replaces all prior versions and listings of claims in the application:

Listing of Claims:

15. (Cancelled)

16. (**Currently Amended**) A method for treating a mammal suffering from a localized bacterial infection, a bacterial-related disease, or both, comprising locally administering a therapeutically effective amount of a composition comprising at least one granulocytemacrophage-colony stimulating factor (GM-CSF) polypeptide;

wherein the bacterial infection or bacterial-related disease is selected from periodontal disease or sinusitis.

17. (Canceled)

18. (**Currently Amended**) The method of <u>claim 16</u> <u>claim 17</u>, wherein the periodontal disease is gingivitis or periodontitis.

19-20. (Canceled)

- 21. **(Previously Presented)** The method of claim 16, wherein the composition is suitable for administration via injection through the mucosal lining of the gingival or by application in a periodontal pocket.
- 22. (**Currently Amended**) The method of claim 16, wherein <u>said</u> GM-CSF or fragment or derivative thereof is present in the composition in a unit dosage amount of 5 μg to 800 μg.

23. (Previously Presented) The method of claim 22, wherein the unit dosage amount is 50 μg to 100 μg .

- 24. **(Previously Presented)** The method of claim 16, wherein the composition is administered at intervals ranging from once a day to once every third week.
- 25. (**Previously Presented**) The method of claim 16, wherein the composition is administered a total of 1 to 3 times for a period of one week.
- 26. (**Previously Presented**) The method of claim 16, wherein the composition comprises a therapeutically effective amount of at least one other active ingredient.

27-28. (Cancelled)

29. (**Currently Amended**) A composition for locally treating a localized bacterial infection, a bacterial related disease, or both, comprising a therapeutically effective amount of a granulocyte-macrophage-colony stimulating factor (GM-CSF) polypeptide;

wherein the bacterial infection or bacterial-related disease is selected from periodontal disease or sinusitis.

30-31. (Cancelled)
